BUSINESS MEETING

The primary purpose of this meeting is to plan for the coming year.

These past 18 months have been wonderful! Excellent tours, both internally and outside of the park, informative speakers, educational discussion, really good refreshments, and friendly camaraderie. We have a very good thing going, but there is always room for improvement and new energy.

Yes, there is more to be done to help make PEW and its residents create even more wonderful, colorful, and vigorous gardens in and around their homes.
